

# ISAAT 2015

The 18<sup>th</sup> International Symposium on Advances in Abrasive Technology

October 4–7, 2015

Ramada Plaza Hotel, Jeju Island, Korea

Dear Participants of ISAAT2015,

On July 28, Korea's Prime Minister Hwang Kyo-ahn has declared a "de facto end" to the outbreak of the MERS (Middle East Respiratory Syndrome). No new cases of the disease have been reported in the country since July 4. The normal daily activities are possible, including economic, cultural, leisure and school activities. It is not issue now, so do not worry about MERS any longer.

The ISAAT 2015 will go ahead as planned in Jeju Island during October 4-7. I hope that many of you will participate at ISSAT 2015 conference.

Best Regards,

Hon-Zong Choi,

Symposium Chairman of ISAAT2015
