

Guidelines for Infection Control of COVID-19

The following are guidelines for preventing COVID-19 infection. Please read these guidelines carefully before attending the conference and cooperate in preventing the spread of infection.

The 19th International Conference on Precision Engineering (ICPE 2022 in Nara) Guidelines for Infection Control of COVID-19

(1) Visitors (participants, presenters, conference staff, etc.)

- Please wash your hands and gargle.
- Please refrain from coming to the venue if you have a fever (37.5°C), cough, throat discomfort, fatigue, or any other symptoms of illness. If a presenter becomes ill, please contact the conference committee.
info-icpe2022@t.kyoto-u.ac.jp (ICPE2022 Conference Committee)
- Please appropriately wear a mask when you come to the venue
- .Please disinfect your hands when entering and leaving the venue.Please ensure social distance.

(2) Event sites

- The number of visitors to the event venue or conference room is limited to about 1/2 of the capacity.
- The doors and windows of the event halls and conference rooms are opened to provide ventilation.
- When seated, please make sure to leave a space between you and your seatmate as much as possible.
- Admission may be restricted in case of congestion.

(3) Others

- No new registration for the Welcome Reception and Banquet will be accepted on site. Only those who have registered in advance may attend.
- These guidelines will be revised according to the standards of the national and local governments.
