

# The 19<sup>th</sup> International Conference on Precision Engineering

## ICPE 2022 in Nara, Instruction of Oral presentation

### **[Presentation time]:**

Each paper will be presented for 15 minutes; 10 minutes for the oral presentation and 5 minutes for discussion.

### **[Slide format]:**

Please make your presentation slides using Microsoft PowerPoint. No official slide template is provided in ICPE2022. The slide size 16:9 is recommended to fit screens.

### **[PC and file upload]:**

A laptop PC with Windows OS is available in each technical session room. Please upload your PowerPoint presentation file to the PC by your USB memory before your session begins. A conference staff in the session room helps your uploading. You cannot present with your laptop PC since the screen is shared for online participants via a web meeting tool. Additional information may be provided on the site.
